

Sorry I missed you.

I'm a dad and an engineer running for **a better quality of life** in District 1. The parks, schools, and streets I want fixed are ours.

My priorities for District 1

- ✓ **A walkable commercial core** — the grocery store, restaurants, and gathering places Belle Haven has waited decades for
- ✓ **Schools families choose** — back our schools so families enroll here, not elsewhere
- ✓ **Great parks and programs** — renovate our parks and add recreation for families and youth
- ✓ **Safer and cleaner streets** — with a city hall that actually answers to District 1
- ✓ **Build the revenue flywheel** — new business and housing grow the local revenue we reinvest here
