My priorities for District 1

- ✓ **A walkable commercial core** — the grocery store, restaurants, and gathering places Belle Haven has waited decades for
- ✓ **Schools families choose** — partner with local school districts so families enroll here, not elsewhere
- ✓ **Great parks and programs** — renovate our parks and add recreation programming for families and youth
- ✓ **Safer and cleaner streets** — with a city hall that actually answers to District 1
- ✓ **Build the revenue flywheel** — new business and housing grow the local revenue we reinvest in our community
